

**CALL FOR ADMISSION TO THE FIRST YEAR
ACADEMIC YEAR 2026/2027**

RESERVED FOR ITALIAN, EUROPEAN AND NON-EUROPEAN CITIZENS REGULARLY RESIDENT IN ITALY

Single-Cycle Master's Degree Programme in Medicine and Surgery (LM-41)
Single-Cycle Master's Degree Programme in Medicine and Surgery - "MedTech" (LM-41)

1. GENERAL INFORMATION

This document is only the translation of the call for admission issued by the Rector's Decree on 28 October 2025, no. 505 for the Single-Cycle Master's Degree Programmes in Medicine and Surgery and Medicine and Surgery- "MedTech". The Italian version is the official document regulating this call. The document written in English has no legal value. In case of conflicting issues between the English and the Italian version, the Italian version prevails.

The admission to the I year of the **Single-Cycle Master's Degree Programmes in Medicine and Surgery and Medicine and Surgery- "MedTech"** – both courses entirely taught in English – consists a selection process based on a written test and the participation in the merit ranking. The written test will be held in Rome on February 19th, 2026. The list of admitted candidates, with their distribution by sector, will be published on the University website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea> and it will indicate time and location of the written test.

Candidates may compete with the score obtained for admission to only one of the two aforementioned Degree Programs (Single-Cycle Master's Degree Program in Medicine and Surgery (LM-41) and Single-Cycle Master's Degree Program in Medicine and Surgery - "MedTech" (LM-41), or for the admission to both Degree Programs, upon completing two separate online registrations for the admission test, one for each Degree Program, within the deadlines and according to the procedures set out in Article 5 below.

The registration for the tests enables the candidates to access: (i) a simulator online of the written admission test, tool for preparation and self-assessment, (ii) the results of the tests taken, also in comparison with the results obtained by other candidates in the same test in order to allow the evaluation of one's own positioning (iii) access to the test taken with the score obtained and the number of correct/not given/incorrect answers (for this purpose, each candidate will be provided with specific personal credentials on the day of the test).

SCHOLARSHIPS

For the admission to the academic year 2026/2027, the first winning candidate in the merit ranking for the Medicine and Surgery Course and the first winning candidate in the merit ranking for the Medicine and Surgery- "MedTech" Course – with the ISEE certification Diritto allo Studio 2026 or 2025 not exceeding € 28.000 (twenty-eight thousand/00) – will be awarded with 1 (one) scholarship each, consisting of a 50% exemption from the single university fee for the legal duration of their studies (six years). These benefits are reserved for Italian, EU, and equivalent candidates and are funded by the Campus Bio-Medico University of Rome.

The reduction is applied annually to the second and third installments of the single university fee.

The terms and conditions for accepting these benefits, as well as the related maintenance requirements in the years following the first, are indicated in Annex A of this Call for Applications.

The scholarships referred to in this article cannot be combined with similar benefits from other public or private institutions, without prejudice to the option of interested students.

The University reserves its right to open new selective procedures if the ones referred to in this call resulted in any remaining places. In case of any remaining places, a public notice will be published on the University website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>. The notice indicates the number of available places,

test date and its terms.

For all the procedures referred to in this call, the University reserves the right to change the deadlines due to *force majeure*. In the event of a postponement of the test, the University may extend and/or re-open the deadline for online registration for admission.

It is the candidate's own responsibility to check all notices regarding the competition procedure published on the University's website at <https://www.unicampus.it/it/info/ammissioni-corsi-laurea> in the dedicated sections to admission to the Degree Programmes of interest.

Contacts:

- **technical assistance** for the online registration, use the link or the email address given at the bottom of the registration form;
- **assistance in the admission procedure**, admission@unicampus.it, (0039) 06.22541.9704/8121/9255;
- **assistance in the enrolment procedure**, segreteriastudenti@unicampus.it, (0039) 06.22541.

2. AVAILABLE PLACES

For the academic year 2026/2027, the number of available places are as follows:

- **Master's Degree Programme in Medicine and Surgery, 84 places;**
- **Master's Degree Programme in Medicine and Surgery-"MedTech", 68 places.**

The number of available places may vary according to the Decree of the Italian Ministry of Universities and Research (Ministero dell'Università e della Ricerca, M.U.R), in compliance with Italian Law no. 264, August 2nd, 1999.

The Decree will be published on the website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>.

In case of a reduction of the number of available places pursuant to the Decree of the Italian Ministry of Universities and Research, the candidates enrolled - on the basis of the merit ranking list - in the places no more available as a result of the ministerial Decree, will forfeit of the enrolment and will compete for any available places in the modalities provided for eligible candidates.

3. APPLICATION REQUIREMENTS

3.1. CITIZENSHIP

The only candidates who can participate in the procedure are Italian and European citizens and NON - European citizens regularly resident in Italy (art. 39(5) of Legislative Decree no. 286/1998, as subsequently amended and supplemented).

Applicants who participate in this Call for Admission violating the citizenship requirements set forth in this article will be excluded from the procedure.

3.2. EDUCATIONAL QUALIFICATION

Candidates can participate in the admission test for the a.y. 2026/2027 only if they meet the citizenship requirements set out in Article 3.1 and if they are **already graduated or will obtain in the school year 2025/2026 a valid qualification to access to University** in their country of origin, in accordance with the provisions published annually by the Ministry for Education, University and Research on the website www.studiare-in-italia.it/studentistranieri.

The only academic qualification is the one obtained after at least 12 years of schooling. Candidates who have obtained an educational qualification from a foreign school system are obliged to provide a Declaration of Value (*Dichiarazione di Valore*) issued by the Italian diplomatic representations or, alternatively, a comparability certificate issued by the Information Centre on Academic Mobility and Equivalence (CIMEA).

In case the local school system only provides for 11 or 10 years of schooling, the academic qualification is only valid if integrated with one or two years of university (in this case the candidate must prove to have passed successfully all the exams required for the years attended). The Foundation Year course at University Campus Bio-Medico of Roma is also recognised, for this purpose, but only if the candidate has passed the relevant exams.

Candidates applying for this call violating the aforementioned requirements concerning their educational qualification and in accordance with current legislation forfeit from enrolment.

3.3. KNOWLEDGE OF THE ENGLISH LANGUAGE

Admission to the Master's Degree Programmes in Medicine and Surgery and Medicine and Surgery- "MedTech" **requires the knowledge of English, at least B2 level of CEFR attested by one of the language certifications exclusively listed in Annex B,** which is an integral part of this call for admission.

Under penalty of exclusion from the enrolment procedure:

- a) **candidates must attach one of the mandatory language certifications listed in Annex B** in the appropriate field of the online application platform before paying the registration fee. After payment, the application can no longer be modified;
- b) **candidates who have not attached one of the language certifications exclusively listed in Annex B** in the relevant field of the online application platform by the deadline set out in letter a), **can take the test but will be marked with an asterisk in the PROVISIONAL MERIT RANKING** referred to in article 7. Those candidates have to proceed as follows: winning or eligible candidates in the *provisional merit ranking* that have not already attached one of the language certification exclusively listed in Annex B in their application, **have to access again to the registration platform, from 20th March 2026 and no later than 19th June 2026, 1.00 p.m. (CEST)** with their credentials, attaching their language certification;

Statements of equivalence will not be accepted even if they are issued by Certifiers listed in Appendix B, nor will certificates of attendance or participation of the test be accepted.

No later than 3th July 2026 the FINAL MERIT RANKING will be published, with the only names of those candidates who have produced an appropriate language certificate within the terms indicated above.

Furthermore, eligible candidates will be excluded to complete the enrolment process – PHASE II referred to in article 8, or being called by scrolling, if they did not upload or send correctly a language certification by the above-described deadlines and manners or they uploaded or send a language certification different from those exclusively listed in Annex B.

The registration fee for the admission procedure is not refundable for any reason and there will be no reimbursement of the tuition fee paid except in cases expressly provided for in this Call. Applicants are therefore invited to obtain on time a language certificate among those listed in Annex B.

It is the candidate's own responsibility to verify that the provided certification is one of those exclusively listed in Annex B.

4. CANDIDATES WITH LEARNING DISABILITIES (SLD) AND OR DISABILITIES

Candidates with invalidity and disabilities, pursuant to Law 104/92, and candidates with learning disabilities, pursuant to Law no. 170/2010, who require special conditions or special aids for the examination, must explicitly insert their request in the online application. They have to attach the related certification proving the disability or

SLD level, issued in the country of residence and accompanied by a sworn translation in Italian or English that specifies the essential elements regarding the aforementioned benefits in order to enable the University to prepare accordingly to guarantee an equal participation in the tests.

The University reserves the right to verify the candidate's certification and undertakes to inform the candidate, in due time for the test, of the aids granted. Only certifications produced in Italian or English will be considered.

4.1 CANDIDATES WITH INVALIDITY OR DISABILITIES

Candidates with invalidity or disabilities, pursuant to Law 104/92, who attached the related proving certification, stated in the art. 4 of the Call, will benefit from **additional time** for the written test, **not exceeding the 50%** of the regular time that is 1 hour and 50 minutes. Candidates can request additional aid by explicitly indicating it in the online application. The University may provide:

- An enlarged format of the written test (valid only for visual disabilities);
- A transcriber or a reading tutor (subjected to certification assessment).

4.2 CANDIDATES WITH LEARNING DISABILITIES

Candidates diagnosed with specific learning disabilities (D.S.A.), pursuant to Law no. 170/2010, who produced the related proving certification stated in the art. 4 of the Call, that must be no older than 3 years from the date of publication of this Notice and must clearly report the diagnostic summary and the relevant nosographic reference codes of the specific certified disorder, are entitled to **additional time, not exceeding the 50%** of the regular time that is 1 hour and 50 minutes. Candidates can request additional aid by explicitly indicating it in the online application. The University may provide:

- A not-scientific calculator (will be provided during the test, valid only for learning disabilities regarding the area of calculation or in response to a specific prescription in the diagnosis);
- A reading tutor (subjected to certification assessment);
- An enlarged format of the written test (subjected to certification assessment).

5. REGISTRATION PROCEDURE

In order to participate to the admission test of 19th February 2026, the application must be submitted exclusively online by clicking on the appropriate button on the website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea> in the mandatory following periods:

Opzione di iscrizione	Apertura iscrizioni online	Chiusura iscrizioni online	Quota di iscrizione
<i>Medicine and Surgery</i> Test of <u>19.02.2026</u>	from 29/10/2025	until 1:00 PM CET on February 6, 2026	€170.00 (one hundred and seventy/00)
<i>Medicine and Surgery - "MedTech"</i> Test of <u>19.02.2026</u>	from 29/10/2025	until 1:00 PM CET on February 6, 2026	€170.00 (one hundred and seventy/00)

Registration for admission requires all the following actions within the deadlines established in the table above:

1. Registration on the online portal and creation of credentials (username and password)¹;
2. Registration confirmation on the portal through the link that the candidate receives by email;
3. **Access to the portal with the candidate's credentials and filling in the application form;**

¹ Even candidates who already have credentials due to participation in previous procedures must register again.

For technical issues regarding the online registration to the test, please contact the technical assistance by clicking on "Technical Support" on the online registration platform (button on the bottom of all the pages).

4. Online payment, by credit card, of the registration fee for the admission test.

The registration is considered completed only by following steps from point 1 to 4. Once all the mandatory fields of the registration form have been completed, the payment of the registration fee is automatically enabled.

The candidate receives an email containing the link to confirm the creation of the portal access credentials and then, if correctly filled in the application form and made the online payment, a further email confirming that the application has been submitted. The application is submitted only if received the confirmation of the online payment. At this point, the registration can no longer be modified.

An application that has not been submitted correctly is in any case considered incomplete and does not permit the participation in the competition. The registration fee for the test is not refundable under any circumstances.

Except for those who submit their application to both the two sessions by choosing the registration option with the reduced fee, each application is separated and independent of any other. Thus, in order to participate to the 2nd session of the admission test, each candidate has to complete another specific application and pay the fee again, although she/he already took the test in the 1st session.

It is the candidate's responsibility to check the correct insertion of the data requested by the online registration platform. The insertion of untruthful or incorrect data, or failure to enter them, will result in the exclusion from the procedure and from the final ranking or in the loss of the right to enrol or in the cancellation of the enrolment. The University Campus Bio-Medico of Rome reserves the right to carry out the necessary checks on the declarations made by the candidate.

The lists of **candidates admitted to the written test** will be published on the University website at <https://www.unicampus.it/it/info/ammissioni-corsi-laurea> by **February 13, 2026**.

A simulator of the written admission test will be available on the registration platform. The candidates may use the simulator for practice purposes.

6. WRITTEN ADMISSION TEST

The written admission test (entirely in English) lasts 100 minutes and consists of **60 multiple-choice questions** with five alternative answers, as follows:

- Biology (20 questions);
- Chemistry (20 questions);
- Physics (20 questions).

The syllabi for the questions are contained in Appendix B to this announcement.

The test questions are extracted from an archive owned by the University Campus Bio-Medico of Rome, through a randomised procedure carried out by a qualified external actor in charge for this purpose.

During the test, candidates are not allowed to use any electronic device, or any other types such as calculators, smartwatches, tablets, internet enabled devices, printed books, manuscripts or notes. Please note that during the written test, the pavilions may be frequency shielded.

Each candidate has the right to finish the test before the maximum time expires as well as to use all the minutes available.

The delivery of the test will not be allowed in the last 10 minutes of the scheduled time.

A candidate who wants to leave the venue must hand in the test and leave the location.

Points are assigned as follows:

- 1 point for each correct answer;
- 0,2 points for each incorrect answer;
- 0 points for each not given answer.

The highest achievable score in the written test is 60/60 points.

Only candidates with a total score that is equal or higher than 12/60 are considered eligible for the admission to the first year. Candidates who are not eligible (with a total score less than 12/60) will not be included in the ranking list.

7. ADMISSION TO THE MASTER'S DEGREE PROGRAMMES

By February 27, 2026, the provisional merit rankings for each of the two Master's Degree Programs referred to in this Call for Applications will be published on the University website - one for the Single-Cycle Master's Degree Program in Medicine and Surgery, and the other for the Single-Cycle Master's Degree Program in Medicine and Surgery - "MedTech." The rankings are based on the overall score achieved by each candidate, expressed out of sixtieths.

In the event of a tie in the merit ranking, the candidate with the highest score in Biology, followed by the higher score in Chemistry, and finally in Mathematics, will prevail. If the tie still persists, the younger candidate will prevail.

The following candidates are considered *winners*:

- the first 84 candidates in the merit list for the Master's Degree Programme in Medicine and Surgery;
- the first 68 candidates in the merit list for the Master's Degree Programme in Surgery-"MedTech".

Candidates with a total score that is equal or higher than 12/60 are considered *eligible* for the admission to the first year. Candidates with a total score of less than 12/60 are considered *not eligible* for admission to the first year.

Each candidate can check their own position in the ranking list by means of the code assigned at the time of registration for the competition procedure from the online platform and referred to as "Unique ID", assigned to them by the online registration portal after registering and creating their personal credentials. If a candidate is competing for both the Master's Degree in Medicine and Surgery and the Master's Degree in Medicine and Surgery - "MedTech," their "Unique ID" will not change and can always be consulted on the online registration portal by logging in with their personal credentials (username and password).

8. ENROLMENT PROCEDURE

PHASE I

Following the publication of the *provisional merit ranking*, the **winning candidates** must proceed with the enrolment procedure – Phase I **from 2 March 2026 and no later than 1.00 pm CET on 10 March 2026**, performing the following actions published on the university website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>:

- a) create the student's credentials on the University platform;

- b) with the student's credentials, login to the reserved area and pay of € 8.000,00 (eight thousand/00) equal to the amount of the first tuition fee^{2;3};
- c) send or hand-deliver the payment receipt of the instalment of the first tuition fee (letter b) to the Student Services Office by fax to (+39) 06.225411939 or by certified mail to segreteria.studenti@postasicura.unicampus.it.

The winning candidate who does not carry out all the operations referred to in the aforementioned points a), b) and c) within the terms, shall be automatically deemed withdrawn.

From March 20, 2026, eligible candidates compete for any remaining places (not assigned to winning candidates by 4th April 2025) according to the merit ranking order.

Notice of remaining places is published on the University website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>.

Notice of remaining places is normally published on Tuesdays and Fridays (except for Italian holidays). The notice indicates the positions in the merit ranking that are allowed to enroll and the date from which the candidates have to communicate the acceptance of the offered place.

Eligible candidates are allowed to enrol following the steps established by the above-mentioned points a), b) and c), from the 12.00 pm CET of the date indicated in the public notice and within no later than the 12.00 pm CET of the working day after the notice has been published. The eligible candidate who does not complete all the required steps established by points a), b) and c) within the aforementioned deadline is automatically deemed withdrawn.

It is the candidate own responsibility to check in due time the communications published by University on the website.

With reference to the enrolling procedure, University fees are non-refundable under any circumstances.

PHASE II

By **3th July 2026**, upon verification of submission of language certifications, the *final ranking list* referred to in article 3.3 will be published by the Rector's Decree on the website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>).

Candidates included in the *final ranking* who have already completed the enrolment PHASE I, must proceed to enrolment PHASE II from 10th July 2026 and no later than 24th July 2026, 1.00 p.m. (CEST) following the "enrolment instructions" that will be published on the website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>:

- d) access the student's reserved area on the University platform and payment of the regional tax for the Right to higher education, with the amount of € 140.00 (one hundred and forty/00)⁴; and the enrolment form;

²The amount of the second instalment of the tuition fee must be paid by 25th January 2027; the amount of the third instalment of the tuition fee must be paid by 12th April 2027. The amount of the regional tax for the the right to higher education may vary according to the deliberations of the Lazio Region. **Bank charges for the arrangement of transfers are not included in the amount of the instalment.**

In the event of discrepancies between amounts or deadlines of the instalments reported in this call for admission and in the provisions of the Regulations for fees and contributions for the 2026/2027 a.y., published on the website <https://www.unicampus.it/ammissioni-corsi-di-laurea/tasse-e-contributi/>, the second one prevails.

³ Candidates awarded with one of the scholarships referred to in Article 1 of this call for admission must, **under penalty of withdrawal, formally accept the scholarship by 4th March 2026** in accordance with the procedure that will be communicated to them by the University with exemption from payment of the tuition fee. In case the awarded candidates do not accept the scholarship by **4th March 2026**, they will forfeit their right to the scholarship but can still proceed with the ENROLMENT by 10th March 2026 according to the procedure set out in article 8 of this call for admission, referring to all successful candidates; scholarships not accepted will be awarded in order of ranking, with a possible refund of the first instalment to candidates who have attached the ISEE Diritto allo Studio 2026 or 2025 certification below € 28.000,00 (twenty eight thousand/00) to the online application and who have already enrolled.

⁴ The amount of the regional tax for the Right to higher education may vary according to the deliberations of the Lazio Region.

- e) send or hand-deliver to Student Services Office by certified mail to segreteria.studenti@postasicura.unicampus.it the following documents:
- the payment receipt of the regional tax for the Right to higher education;
 - the enrolment form duly completed, signed in all its parts and affixed with a €16.00 (sixteen/00) revenue stamp;
 - a self-declaration of achievement of the Diploma of Higher Secondary Education with indication of the grade, year and Institute that issued it, with a declaration of value in case of foreign educational qualifications. In case of foreign qualifications, this declaration must be accompanied by a declaration of value issued by the Italian diplomatic representation or a certificate of comparability issued by the Italian ENIC-NARIC center (CIMEA);
 - the withdrawal from studies or no impediment to transfer in case of previous enrolment in another University.

The winner candidate who does not complete all the required steps established by points d), e) within the aforementioned deadline is automatically deemed withdrawn.

From July 31, 2026 eligible candidates compete for any remaining places (not assigned to winning candidates by 24th July 2026) according to the merit ranking order.

Notice of remaining places is published on the University website <https://www.unicampus.it/it/info/ammissioni-corsi-laurea>.

Notice of remaining places is normally published on Tuesdays and Fridays (except for Italian holidays). The notice indicates the positions in the merit ranking that are allowed to enroll and the date from which the candidates have to communicate the acceptance of the offered place.

Eligible candidates are allowed to enrol following the steps established by the above-mentioned points a), b) and c), from the 12.00 pm CET of the date indicated in the public notice and within no later than the 12.00 pm CET of the working day after the notice has been published. The eligible candidate who does not complete all the required steps established by points a), b) and c) within the aforementioned deadline is automatically deemed withdrawn.

It is the candidate own responsibility to check in due time the communications published by University on the website.

With reference to the enrolling procedure stated by Article 8, tuition fees are non-refundable.

The amount of the tuition fee referred to in article 8 can only be refunded to:

- candidates who do not obtain the High School Diploma valid for the admission in the a.y. 2025/2026;
- candidates, enrolled under conditions, who, as a result of the reduction in the number of places assigned annually by the Ministry for Education, University and Research, cease to be enrolled;
- candidates awarded with the scholarship financed by the Campus Bio-Medico University of Rome for the a.y. 2026/2027, assigned over the withdrawal of exempted candidates.

9. ADDITIONAL LEARNING OBLIGATIONS (OFA)

Admission test is based on the evaluation of the candidates fundamental competences needed for the successful attendance to the Degree Course.

Thus, before the classes start, all students who have completed their enrolment in accordance with the call for admission have to take a further test. This test aims at verifying any *Additional Educational Obligations (OFA)* in order to help the students in eventually filling the gaps in the core subjects of the first year.

Candidates who do not answer correctly to at least the 60% of the questions are admitted with OFAs for the subject they didn't pass the threshold.

In order to make up for the learning obligations (OFAs), the aforementioned candidates have to follow specific training courses. They will be informed at the beginning of the semester how to attend specific courses. In

particular, OFAs must be completed before taking the relative exams foreseen in the study plan and in any case within the first year.

Alternatively, if the student passes the exams related to the OFAs, they may be considered as fulfilled.

You can find further information concerning the OFAs on the specific web page: <https://www.unicampus.it>.

10. SUMMARY OF TERMS ADMISSION A.Y. 2026/2027

The main terms of the procedure are summarized below. For all stages of the procedure, the candidate shall rely on the extended points of the call for admission.

ACTIVITIES	TERMS	REFERENCES
Online registrations	by 1:00 PM on February 6, 2026	Art. 5
Publication of admitted candidates and logistics of the test	By 13/02/2026	Art. 1, 5
Written test	Rome, on 19/02/2026	Art 1, 6
Provisional merit ranking list publication	By 27/02/2026	Art. 7
Enrolment – Phase I	from 02/03/2026 to 10/03/2026, 13:00	Art. 8.1
Scholarship Acceptance	By 04/03/2026	Art. 8.1, footnote 3 and ANNEX A
Provisional merit ranking list scrolling	By 20/03/2026	Art. 8.1
Online uploading of the language certifications strictly required by Annex B	Upon and within the online registration deadline for the admission test, or by accessing the online registration platform for the tests again from 20/03/2026 to 19/06/2026, 1.00 pm	Art. 3.3
Final merit ranking list publication	By 03/07/2026	Art. 8
Enrolment – Phase II	From 10/07/2026 to 24/07/2026 at 13:00	Art. 8.2
Payment of the second and third installment of the single contribution	- Second installment by January 25, 2027; - Third installment by April 12, 2027.	Art. 8.1, footnote 3

SCHOLARSHIP ACCEPTANCE PROCEDURE

For the admission to the academic year 2026/2027, the first winning candidate in the merit ranking for the Medicine and Surgery Course and the first winning candidate in the merit ranking for the Medicine and Surgery- “MedTech” Course – with the ISEE certification Diritto allo Studio 2026 or 2025 not exceeding € 28.000 (twenty-eight thousand/00) – will be awarded with 1 (one) scholarship each, consisting of a 50% exemption from the single university fee for the legal duration of their studies (six years). These benefits are reserved for Italian, EU, and equivalent candidates and are funded by the Campus Bio-Medico University of Rome.

The reduction is applied annually to the second and third installments of the single university fee.

The scholarships referred to in this article cannot be combined with similar benefits from other public or private institutions, without prejudice to the option of interested students.

SCHOLARSHIP RETENTION REQUIREMENTS

Students who have been awarded the scholarship referred to in point 1 of this Call for Admission may retain the benefit in the years following the first one within the legal duration of the course if, **by 31th October** of each year:

- a) they have acquired at least the same number of Academic Credits - ECTS (European Credit Transfer System - Credito Formativo Universitario - CFU) as shown in the tables hereunder:

<i>Corso di Laurea in Medicina and Surgery</i>	
Course Year	n. Academic credits (ECTS/Obtainable Academic Credits)
II	42
III	106
IV	169
V	209
VI	272

<i>Corso di Laurea in Medicina and Surgery-“MedTech”</i>	
Course Year	n. Academic credits (ECTS/Obtainable Academic Credits)
II	50
III	93
IV	139
V	181
VI	233

- b) they have obtained a grade point average (GPA) in the exams relating to the total credits obtained at least equal to 27/30. The grade point average is rounded up to the next integer for decimal values of 5 or more.

In the event of forfeiture, revocation or withdrawal by students who have been awarded the scholarship, the remaining places will be allocated to those students who have obtained the highest number of ECTS with the highest average in the year preceding the year of allocation. This procedure, which may eventually be activated with a specific call for applications, is reserved for students enrolled at Campus Bio-Medico University of Rome in the academic year 2026/2027 who have an annual income (ISEE Diritto allo Studio) not exceeding € 28.000,00 (twenty-eight thousand/00).

CITY AND GUILDS (PITMAN) Certificate in International ESOL Diploma	Level 1 –B2 Level 2 –C1 Level 3 –C2

Candidates who have attended a secondary school/university entirely taught in English for at least one academic year are exempt from submitting a language certification. (Education taught in English, limited to only certain subjects, even for several consecutive academic years, does not qualify for exemption.)

These candidates must submit, within the deadlines and according to the procedures for submitting language certification, a certificate of attendance issued by the secondary school/university, explicitly stating the period of attendance and the language in which the courses were taught.

Syllabus regarding the content of the Admission Test

The knowledge and the skills required are, however, those promoted by educational institutions that organize educational and teaching activities consistent with the Ministerial Programmes, especially in view of the State Examinations and also refer to the scientific disciplines of Biology, Chemistry, Physics, and Mathematics.

Biology

- The chemistry of living organisms.
- The biological importance of weak interactions.
- The organic molecules found in living organisms and their functions.
- The role of enzymes.
- The cell as the basis of life.
- Cell theory. Cell size. The prokaryotic and eukaryotic cell in animals and plants. Viruses.
- The cell membrane: structure and functions - transport through the membrane.
- Cellular structures and their specific functions.
- Cell cycle and cell division: mitosis and meiosis - chromosomes and chromosome maps.
- Bioenergetics.
- The energy assessment of cells: ATP.
- Redox reactions in living organisms.
- The energetic processes: photosynthesis, glycolysis, aerobic respiration and fermentation.
- Reproduction and heredity.
- Life cycles. Sexual and asexual reproduction.
- Mendelian Genetics. Fundamental laws and applications.
- Classical genetics: chromosome theory of heredity; patterns of heredity.
- Molecular Genetics: structure and replication of DNA, the genetic code, protein synthesis. The DNA of prokaryotes. The structure of the eukaryotic chromosome. Genes and regulation of gene expression.
- Human genetics: transmission of mono- and multifactorial characters; hereditary diseases linked to the X chromosome and autosomal
- Biotechnology: Recombinant DNA technology and its applications.
- Heredity and environment.
- Mutations. Natural and artificial selection. Evolutionary theories. The Genetic basis of evolution.
- Anatomy and physiology of animals and man
- Animal tissues
- Anatomy and physiology of systems and equipment in humans and their interactions.
- Homeostasis.

Chemistry

- The constitution of matter: states of matter; heterogeneous systems and systems homogeneous; compounds and elements.
- Ideal Gas Laws.
- The structure of the atom: elementary particles; atomic number and mass number, isotopes, electronic structure of atoms of different elements.
- The periodic system of elements: groups and periods; transition elements; periodic properties of the elements: atomic radius, ionization potential, electron affinity; metallic character. Relations between electronic structures, position in the periodic system of elements and properties.
- Chemical bonding: ionic bonding, covalent bonding, and metallic bonding. Energy binding. Polarity of bonds. Electronegativity.

- Fundamentals of inorganic chemistry: nomenclature and main properties of inorganic compounds: oxides, hydroxides, acids, salts.
- The chemical reactions and stoichiometry: molecular and atomic mass, Avogadro's number, mole concept and its application, stoichiometry elementary balance of simple reactions, the different types of chemical reaction.
- Solutions: solvent properties of water; solubility; The main ways of expressing the concentration of solutions.
- Equilibria in aqueous solution.
- Elements of chemical kinetics and catalysis.
- Oxidation and reduction: oxidation number, the concept of oxidant and reductant.
- Balance of simple reactions.
- Acids and bases: concepts of acid and base; acidity, neutrality or alkalinity of aqueous solutions; the pH. Hydrolysis. Buffer solutions.
- Fundamentals of organic chemistry: bonds between carbon atoms; formulas and rough texture, concept of isomerism. Aliphatic, alicyclic and aromatic hydrocarbons. Functional groups: alcohols, ethers, amines, aldehydes, ketones, carboxylic acids, esters, amides. Elements of nomenclature.

Physics

- Measures: direct and indirect measures, fundamental and derived quantities, physical dimensions of quantities, knowledge of the metric system and the CGS System of Units, Technician (or Practical) (ST) and International (SI) units of measurement (names and relations between fundamental and derived units), and multiples (names and values).
- Kinematics: kinematic quantities, various motions with particular regard to uniform and uniformly accelerated motion; uniform circular motion; harmonic motion (for all motions: definition and relationship between the kinematic quantities related).
- Dynamic: vectors and vector operations. Forces, motion of forces around a point. Vector composition of forces. Definitions of mass and weight. Acceleration of gravity. Density and specific gravity. Law of universal gravitation, 1st, 2nd, and 3rd laws of motion. Work, kinetic energy, potential energy. Principle of conservation of energy. Impulse and momentum. Principle of conservation of momentum.
- Fluid mechanics: pressure, and its unit of measure (not only in the SI system). Archimedes' principle, Pascal's and Stevin's laws.
- Thermology and thermodynamics: thermometry and calorimetry. Specific heat, thermal capacity. Mechanisms of heat propagation. Changes of state and latent heats. Ideal Gas Laws. First and second law of thermodynamics.
- Electrostatics and electrodynamics: Coulomb's law. Electric field and potential. Dielectric constant. Capacitors. Capacitors in series and in parallel capacitors. Current. Ohm's law. Electrical resistance and resistivity, electrical resistors in series and in parallel. Work, Power, Joule effect. Generators. Electromagnetic induction and alternating currents. Effects of electric currents (thermal, chemical, and magnetic).
